Our admissions are available 24/7

Our History

Rehab Clinics Group is a collection of companies and addiction rehabilitation centres in the UK and Worldwide, leading the way in the supply of private residential Alcohol Rehab & Drug Rehab Treatment.

Opening our first treatment facility, Cassiobury Court in 2011, the group has steadily developed excellent care and treatment programmes for anyone struggling with their addiction to drugs or alcohol. Soon after our Step One Recovery Spain Centre was opened with the aim of providing a luxury rehab experience on the Mediterranean.

Building on our success, the group opened its doors in 2015 to clients from the North of England at our seaside facility, Ocean Recovery & Wellness Centre, in Blackpool. During 2019 the group is continuing to grow with the introduction of a new facility in Towcester, Northamptonshire.

Our Vision & Values

Our Vision:

We are committed to help individuals, communities and families achieve freedom from addiction and our mission to do this is clear.

Our Mission:

We walk alongside our clients on their journey; understanding their past and working together to build a new future – transforming lives and sustaining recovery for everyone we support. Our group is founded on five core values and we work hard to ensure these remain at the heart of everything we do with our clients, our staff and our partners.

BRAVE

Admissions Process

At Rehab Clinics Group, we understand that coming into treatment for the first time will usually be a difficult first step for both clients and families.

1. The Initial Enquiry

Rehab Clinic Group's experienced in-house admissions team are available 24/7 to handle your enquiry. Contacting us is straight-forward – the most popular way is by telephone, but many will use a contact form on our website, email or online live chat.

2. Pre-Admission Screening

It is vital that we can understand more about you and your addiction problem, so that we can ensure we are able to safely meet your needs and work out the best course of treatment for you; matching you to our treatment centre that is going to best meet your requirements. Your Admissions Co-ordinator will need to complete your FREE pre-admission screening and ask you some basic questions about your physical and mental health, circumstances, drug or alcohol use and your current requirements.

3. Treatment Deposit

Demand for our services is high at the minute, and a lot of preparatory work goes into getting your treatment programme and bedroom organised. In order to secure your treatment, our admissions team will need to take a deposit payment. There are a number of methods that you can choose to make this payment, including payment by Debit or Credit Card, electronic Bank Transfer or Cash. We regret that the company doesn't accept cheques for deposit payments.

4. Your Admission Day

Your Admission and the start of your journey towards recovery and freedom from addiction can now begin. On admission, you will be welcomed by a member of our experienced recovery team, who will take time with you and help you to understand what is on offer within our centre. During this induction, we will ask you to complete your treatment contract and some other documents that will enable us to look after you safely and prepare you for your treatment assessment by our Consultant Psychiatrist or Specialist Doctor.

5. Your Full Clinical & Recovery Plan Assessment

Once you have settled in at our clinic, you will meet our full-qualified doctor who will discuss your health conditions and any problems you may of had in the past, this will help them understand more about your addiction and agree a prescribing plan that best suits your detoxification needs.

Our Facilities

Rehab Clinics Group has a range of treatment facilities to suit all budgets and needs. Located across the UK and Worldwide, our range of residential treatment centres have been designed to provide the very best accommodation and facilities to support a successful programme of treatment and rehab.
